DETAILED ACTION

This office action is in response to the election filed 12/9/02.

The previous restriction requirement is withdrawn since the claims are directed to related inventions rather than distinct species.

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 49-59, drawn to a method of making a non-volatile semiconductor device, classified in class 438, subclass 261.
- II. Claims 60-71, drawn to a method for operating a non-volatile semiconductor device, classified in class 257, subclass 324.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as process of making and process of using the product. The use as claimed can be practiced with a materially different product than the product formed by the method of making as claimed. For example, the use as claimed can be practiced with a product that comprises an equivalent oxide thickness of greater than 200 angstroms.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Application/Control Number: 09/689,442

Art Unit: 2822

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. L. Brophy whose telephone number is (703) 308-6182. The examiner can normally be reached on M-F (8:00-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Amir Zarabian can be reached on (703) 308-4905. The fax phone numbers for the organization where this application or proceeding is assigned are (703) 872-9318 for regular communications and (703) 872-9319 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (703) 308-0956.
